Operations Director's **Message**

For more than a decade, since the establishment of Kyoga Hauliers, the business has grown in leaps and bounds, from a humble beginning with a few trucks in our fleet to a now sizeable number of well maintained fleet that can offer transport services in East and Central Africa round the clock all year round.

Our understanding of the market and its needs have tremendously grown and we have placed a premium on the human values and the communities surrounding our business areas.

Kyoga's dedicated human resource is the backbone of our success in the business; our staff are safe and well trained to ensure our customers enjoy the best service in cargo transportation.

In our fleet catalogue; we have Tankers, Tippers, Low loaders, High sided Flatbed and Skeletal trailers including heavy lift equipment and a dedicated inhouse workshop and engineering departments to ensure our fleet meet the highest standards of maintenance at all times.

With our vast network of professional industry players and clientele in the region, we have developed a culture of honesty, integrity and reliability in the versatile logistics industry - a rare combination of virtues in today's business world dynamics. I believe together we can realize each others aspirations in attaining success in business.
